**KERMAN TELEPHONE COMPANY**  
**STATEMENT RE: COMPLIANCE WITH FCC CPNI RULES**  
**FEBRUARY 1, 2006**

The following statement explains how operating procedures observed by Kerman Telephone Company ("Kerman") ensure that it is in compliance with the rules in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations.

In the twelve months ending December 31, 2005, Kerman did not use Customer Proprietary Network Information ("CPNI") to market services. Kerman's current policy is to refrain from using CPNI for marketing purposes. By declining to use CPNI for any of the circumscribed purposes identified in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations, Kerman has not undertaken to obtain customer consent to use CPNI and, therefore, requires no formal system in place to differentiate those customers who have granted consent to use their CPNI and those customers who have not granted such consent.

Kerman has the following protection measures in place. First, Kerman has filed state tariff rules and procedures that address the protection of confidential subscriber information, including CPNI. Second, Kerman undertakes periodic reviews of company practices to ensure that Kerman remains in compliance with CPNI rules. Third, Kerman requires that each of its employees sign confirmations of company policy protecting confidential subscriber information. Fourth, Kerman trains its customer representatives to conform to confidentiality practices.
